Thiess -

As per the review meeting today of the Upper Clay Hollow Material Plan for work segments 2 thru 4 - The Division of Oil, Gas and Mining is providing a brief summary of our comments.

1. The Division is please that the segment 1 cleanup material removal has been completed. We look the restoration of segment 1.
2. The Division recommends continuing to work on the material from segments 2 thru 4 based on our review of the draft document discussed in todays meeting and the restoration of segments 2 thru 4.
3. The Division is looking forward to the "phase 3" clean up and modification of the Barneys Canyon Closure plan in the near future.

If you have any questions please feel free to call me if you have any questions at [801-538-5257](tel:801-538-5257).

thx-lah
